

# STACKABLE KEG PALLET

## 30x36

**BREWERY TOUGH.  
DISTRIBUTION READY.  
AUTOMATION COMPATIBLE.**

### BUILT FOR PERFORMANCE IN HARSH BEVERAGE & DISTRIBUTION ENVIRONMENTS

The **Stackable Keg Pallet** from Artistic Composite Pallets is purpose-built for breweries, beverage distributors, and facilities managing heavy, repeated keg handling. Engineered with a robust, multi-material construction, it delivers **superior load capacity, sanitation, and safety** in both manual and automated environments. Its **stackable design ensures maximum space efficiency**, while reinforced fork pockets provide secure handling under demanding conditions.

### KEY FEATURES & OPTIONS

- Stack Up to 16 Kegs Safely and Securely
- Bottom Stacking Features for Secure Stacking
- Made of Lightweight & Durable Materials
- Suitable for Dry, Wet, & Cold conditions
- Omni Direction Conveyable
- Designed for Automation Optimization
- Made From Sustainable Manufacturing Practices & Materials
- Recycle Program Available for End of Life
- Optional Barcode, RFID for Tracking
- Fork Pocket Openings:  
30" Side: 4.75" W x 3.1" H  
36" Side: 10" W x 3.6" H

### PRODUCT SPECIFICATIONS

PRODUCT	DESCRIPTION	DIMENSIONS			WEIGHT	LOAD CAPACITY			MATERIAL CONSTRUCTION
		L	W	H		RACKABLE	DYNAMIC	STATIC	
KP 30x36	Stackable Keg Pallet	30"	36"	5.56"	50 lbs.	2,800 lbs.	5,000 lbs.	12,000 lbs	HDPE, HMWPE Structural Reinforcement: Aluminum, Carbon Steel, Pultruded Fiberglass, and fasteners

# WHY CHOOSE ARTISTIC COMPOSITE PALLETS?

## SUPERIOR STRENGTH & DURABILITY

Engineered to meet GMA standards while exceeding ISO and ASTM benchmarks. With minimal deflection under load, it's ideal for automated material handling.

## WASHDOWN-READY & FDA-COMPLIANT

Perfect for industries requiring high sanitation. No need for fumigation or heat treatment like wood pallets. Resists bacteria, mold, and pests.

## SUSTAINABLE AND RECYCLABLE

Made from FDA-approved, recyclable materials that support a circular supply chain and reduce landfill use.

## AUTOMATED SYSTEM COMPATIBLE

Seamless integration with pallet conveyors, dispensers, robotic palletizers, AS/RS, and pallet shuttle systems.

## SAFETY FIRST

Splinter- and nail-free to protect your workers and your products.

## LONG-TERM COST SAVINGS

Up to 50+ trips in open-loop use with a lifespan that matches the life of your automation equipment in closed-loop systems.

## IDEAL APPLICATIONS

GENERAL  
WAREHOUSING

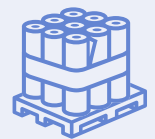

FOOD & BEVERAGE  
WAREHOUSING

PHARMACEUTICAL  
MANUFACTURING

AUTOMATED STORAGE  
& RETRIEVAL SYSTEMS  
(AS/RS)

CONSTRUCTION  
SUPPLY FACILITIES
