WHY CHOOSE ARTISTIC COMPOSITE NESTABLE PALLETS?

NESTABLE DESIGN = STORAGE EFFICIENCY

Maximize warehouse space and reduce return freight costs with nestable stacking when not in use.

STRENGTH & SAFETY

Non-rackable yet rated for 3,000 lbs dynamic load, this pallet handles heavy-duty use while staying splinter- and nail-free for workplace and product safety.

SANITATION FIRST

Made from FDA-compliant materials, fully washdown capable, and resistant to pests, bacteria, and mold—ideal for clean room and food-safe environments.

SUSTAINABILITY BUILT-IN

Manufactured using recyclable materials to support your ESG initiatives and minimize landfill waste.

LONG-TERM VALUE

100% Non-Organic HDPE & HMWPE plastics reinforced with aluminum, carbon steel, and pultruded fiberglass are built to last.
